Genesis and Mission

The creation of the Centre is a bold and significant initiative by the BC Ministry of Social Development and Social Innovation.

Mission

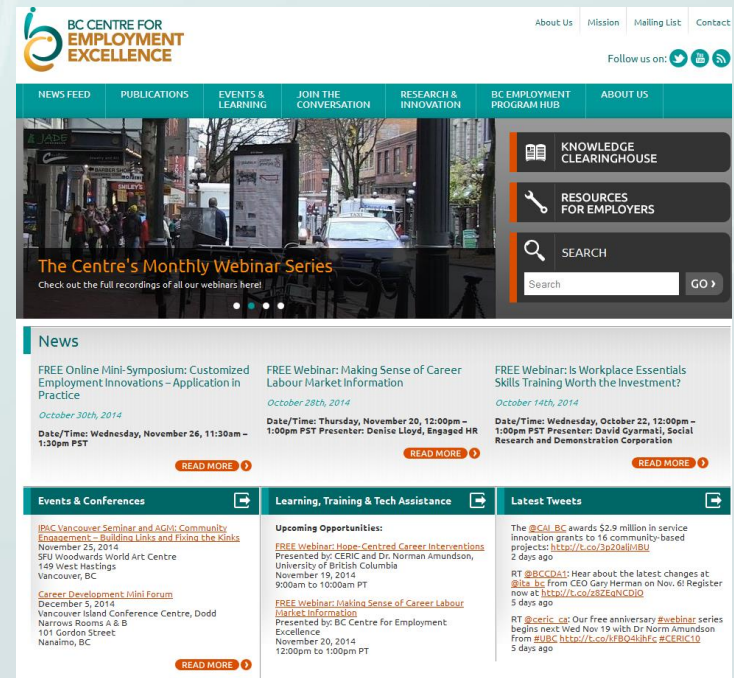

The Centre aims to act as a coordination point for research to connect both the BC employment services sector and the employer community with the best and emerging information about employment and training programs, practices, resources and tools.

Business Functions

The Centre carries out two core functions:

1. Research and Innovation
2. Practice and Knowledge Enhancement – Capacity Building

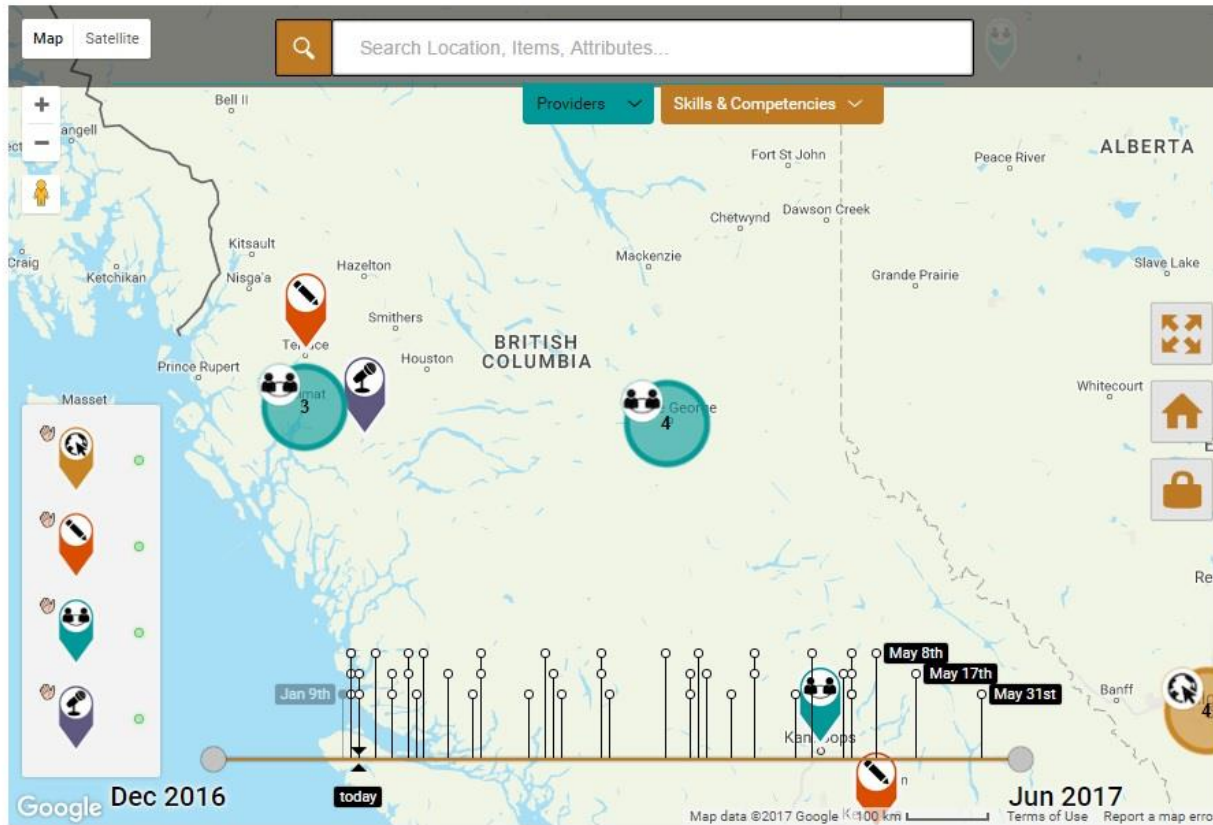

PD Map for CDPs

- In 2013/14, the Centre brought together key stakeholders and formed a Training Advisory Working Group to jointly identify training needs for CDPs in BC's employment services sector.
- One of the key action items that came from the group was a place/hub for training opportunities of relevance to practitioners.

How does it work?

- It is a public website; anyone can access the map and view all of the posted training opportunities.
- Registered users can add opportunities to the map as well as edit them.
- Training opportunities are searched and filtered by location, skills & competencies, or type (online, conference, etc.)

What's next?

- The Hub is live and is being launched here at Cannexus!
- Once user uptake and resources required to maintain and monitor the hub are better understood, a plan to sustain the site will be developed.
- Register at <http://cfeebc.geolive.ca/login-register>
- Access the hub at www.cfeebc.org/training-hub
